ASSIST will be conducting our annual golf tournament at the Roy Kizer Golf Course in Austin this year. This is an excellent golf course with all the niceties we love: plenty of water, plenty of beach, and lots of beautiful trees lining some of the fairways.

The course from the white tees is 6119 yards so the course is fairly short, but it is challenging. When we visited the course to take some pictures, it was just beautiful. The fairways are lush and the greens are just great. There is a good practice facility and putting green to warm up on. The Pro shop was very helpful and friendly.

Although the registration form shows a 9AM start, the course requires us to start at 8AM, and we must be on site at 7:30 for registration. We can't allow a foursome to "sandbag" the tournament since the stakes and prizes are so great, but if you wish to play with your buddy, your wife, or someone else's wife just contact Dave Parker @ dparker@engardeservices.com.

We will have a Hole-In-One contest, a box lunch, trophies for the 1st place team, 2nd place team, and for 3rd place. And, as always, an award for the worst player on the course.

The course is located off E. Stassney Lane @ 5400 Jimmy Clay Drive. We will have maps available.

We have to have all our registrations in by September, so get your registrations in early.
